

New Medication Savings Benefit Available to You

HELPING YOU AFFORD THE MEDICATIONS YOU NEED

We know prescription costs can add up fast, especially when you rely on brand-name or specialty medicines. That's why your employer is giving you access to the RX VALET Drug Management Program. This service is completely free to you and is here to help lower the cost of high-priced medications.

The Drug Management Program works alongside your current health plan and looks for smart ways to reduce or even eliminate what you pay out-of-pocket on select medications. We use trusted sources, manufacturer savings programs and fully licensed pharmacies, to ensure you receive the same name-brand medication safely and conveniently, at a much lower cost.

HOW DMP WORKS

- **We'll Reach Out to You**

If your medication qualifies, RX VALET will contact you by phone, email or text to walk you through the program and get your approval.

Once you're enrolled, we talk with your doctor, manage your refills, and set up home delivery.

- **Right to Your Door**

Your medication ships directly to your home in secure, discreet packaging from fully licensed pharmacies that follow strict FDA safety standards.
